

New Spring Styles in Corsets

Some of the new models were received today in Loomers D. H. & C. and C. B. a la Spirite Corsets. The change this season is as marked as when the old style changed to the straight front style, now almost universally used. The tendency is to the long styles producing the Directorie or Empire forms either in the modified or the extreme.

Remember this:—

The Loomers D. H. & C. and La Resista Corset are the only Corset made having the coil wire side steels. **The C. B. a la Spirite** Corset is decidedly the Corset for the woman of fashion—only the best materials entering into its manufacture.

The Only Place in Barre These Corsets Can Be Found is at
